

Corporate Membership of Study UK

Study UK is the membership association for UK independent colleges and education providers that have met the standards required by one of the UK's recognised quality assurance schemes (chief among them those offered by the British Accreditation Council, the Quality Assurance Agency and the Independent Schools Inspectorate).

Formed in the summer of 2008, we are the voice of the UK independent college sector and work with a wide range of partners and stakeholders to represent the interests of the sector and our members.
